

## Declaration of consent for the collection and sharing of patient data

Dear patient,

we would like to point out that the data and photos we collect from you are stored electronically.

In our practice, all employees have access to your data and all employees have signed a non-disclosure agreement.

With your signature you give us your consent to:

1. Collection and transmission of your personal data (your data will be stored in our practice management software "NaturaClient") for billing purposes to the appropriate authorities (tax consultant, health insurance company).

If you do not consent, please report this to our registration.

2. Data transmission (e.g. test results) to therapists or doctors who provide further treatment if they need test results for the benefit of your health. If it is necessary for your treatment, you also give us your consent to request reports from other naturopaths and therapists.

If you do not consent, please report this to our registration.

3. Data transmission (for examination purposes) to the specialist laboratory LADR (76530 Baden-Baden) or laboratory Dr. medical Ulrich Pachmann (95448 Bayreuth), since many tests cannot be carried out in our practice.

If you do not consent, please report this to our registration.
